DAFNIS PRIETO FEATURING LUCIANA SOUZA CANTAR

1. Guajira en Sol

Music & Lyrics by Dafnis Prieto

Esa guajira que canta como un sinsonte Esa guajira que vive dentro del monte Esa guajira que tiene naturaleza Esa guajira que lleva tanta belleza

Guajirita linda, vamos a disfrutar Una mañanita, en el cañaveral Con un cafecito, que te voy a invitar Tú lo puedes bailar, la guajira en sol Tú lo puedes bailar, la guajira en sol

Tú si que eres libre, guajirita con son Tu sillon de mimbre, guajirita con son Como irrepetible, guajirita por dios Tú lo puedes bailar, la guajira en sol

Guajirita linda, vamos a disfrutar

Tú eres pura y sincera Tú eres árbol, tierra y raíz Como la primavera

Tú eres naturaleza Tú eres lluvia, cielo y jazmín Tú eres pura belleza

Esa guajira que canta como un sinsonte Esa guajira que vive dentro del monte Esa guajira que tiene naturaleza Esa guajira que lleva tanta belleza

Esa guajira que mira, calla y compone Esa guajira que alegra los corazones Esa guajira que tiene naturaleza Esa guajira que lleva tanta belleza

Esa guajira que canta como un sinsonte Esa guajira que vive dentro del monte Esa guajira que mira, calla y compone Esa guajira que alegra los corazones

Guajira en Sol

That country girl that sings like a mockingbird That country girl that lives in the mountain That country girl that has nature That country girl that has so much beauty

Beautiful country girl, let's go and enjoy A morning, in the reed bed With a little coffee, that I will invite you to You can dance it, the country girl in the sun You can dance it, the country girl in the sun

You are truly free, country girl with son Your rocker chair of wicker, country girl with son Like unrepeatable, country girl for God's sake You can dance it, the country girl in the sun

Beautiful country girl, let's go and enjoy

You are pure and sincere You are tree, sand, and root Like the spring

You are nature You are rain, sky, and jasmine You are pure beauty

That country girl that sings like a mockingbird That country girl that lives in the mountain That country girl that has nature That country girl that has so much beauty

That country girl that looks, quiet and composed That country girl that brings happiness to the hearts That country girl that has nature That country girl that has so much beauty

That country girl that sings like a mockingbird
That country girl that lives in the mountain
That country girl that looks, quiet and composed
That country girl that brings happiness to the hearts

Country girl in the sun

2. When I Miss You

Music & Lyrics by Dafnis Prieto

I would miss you forever

I would miss you forever
If I could not see you
You're my angel of freedom
All I ever had
When I think I conceived you
Nothing can compare
Now you fly into the unknown

I will love you forever You're my soul my treasure In my dreams I can see you Always with a smile I can feel your warm presence In my every breath Now you fly into the unknown

Light shines through Right through your heart Life is you Is red, is blue

Light shines through Right through your heart Life is you Is red, is blue

I will love you forever You're my soul my treasure In my dreams I can see you Always with a smile I can feel your warm presence In my every breath Now you fly into the unknown

Light shines through Right through your heart Life is you Is red, is blue

Light shines through Right through your heart Life is you Is red. is blue

Light shines through Right through your heart

Life is you Is red, is blue

I would miss you forever

3. Houve Um Tempo

Music by Dafnis Prieto Lyrics by Luciana Souza

Eu quase que me esqueci Mas não foi porque tentei Foi que o coração pediu Pra te amar e eu amei

Houve um tempo tão bonito Onde a gente teve só prazer Manhãs de sol e sal E de noite a lua lá no céu Brilhante Estrela

Eu quase que me esqueci Mas foi só você lembrar Que a vida foi passando E eu te deixei passar

Houve um tempo tão sagrado
Onde eu não pensava mais no amor
Pensava em ser e estar
Mesmo no silêncio havia um som
Distante
Estrela

Houve um tempo pra nós dois Mas o tempo correu e não volta Não vou mais olhar para trás Mesmo que venha estar na memória

Houve um tempo pra nós dois Mas o tempo correu e não volta Não vou mais olhar para trás Quando você vier na memória Houve um tempo pra nós dois

Houve um tempo tão bonito Onde a gente teve só prazer Manhãs de sol e sal E de noite a lua lá no céu Brilhante Estrela I almost forgot Unintentionally Because my heart asked To love, and I did

There was a time of beautiful things When we had so much joy Mornings of sun and salt And at nighttime, the moon up in the sky Shining Star

I almost forgot But you reminded me That life happened And I let you go

There was a time of sacred things When we didn't worry about love All we did was to be and to stay In silence and in sound Distant Star

There was a time for us
But even time has run ahead
I am not looking back
Even if I keep you in my memory

There was a time for us
But even time has run ahead
I am not looking back
When you come into my memory
There was a time for us

There was a time of beautiful things
When we had so much joy
Mornings of sun and salt
And at nighttime, the moon up in the sky
Shining
Star

,
Caricias, que envuelves con tu ser You caress, wrap in your being
Brisa, dime tú Breeze, you tell me
Que bailas por doquier That you dance all around
Que vuelas, que rozas con mi piel That you fly, that you brush my skin

Dónde vas, sin saber Que no te puedo ver Si eres tú mi canción La que siempre canté Mírame, Tócame, Bésame Que eres tú, la que me acaricias Que soy yo, la que se ilumina

Brisa, mi Brisa, vuela a mí Si abrazas con quietud Que vengo, sin prisa y casi azul

Brisa, ven a mi Repósate en mi ser Te siento, y vuelvo a nacer

Brisa, vuelve a aquí que extraño tu querer retoza, diviértete en mi ser

Dónde vas, sin saber Que no te puedo ver Si eres tú mi canción La que siempre canté Mírame, Tócame, Bésame Que eres tú, la que me acaricias Que soy yo, la que se ilumina

Brisa, mi Brisa, vuela a mí Where are you going, without knowing That I can't see you If you are my song The one I always sang Look at me, Touch me, Kiss me It is you that caresses me It is me that gets illuminated

Breeze, my
Breeze, fly to me
If you hug with stillness
That I come, without rushing, and almost blue

Breeze, come to me Rest in myself I feel you, and I am born again

Breeze, come back here that I miss your love frolic, and amuse yourself in my being

Where are you going, without knowing That I can't see you If you are my song The one I always sang Look at me, Touch me, Kiss me It is you that caresses me It is me that gets illuminated

Breeze, my Breeze, fly to me

7. Amanhecer Contigo

Music & Lyrics by Dafnis Prieto Translation to Portuguese by Luciana Souza

Amanhecer

Amanhecermos juntos sempre foi divino Amanhecermos juntos sempre foi perfeito E se existe uma razão, te digo Poder abrir meus olhos e te ver comigo

Amanhecer

Amanhecermos juntos e ver seu sorriso Sentir teu corpo, tua presença, teu carinho Teu amor é uma forte benção Que me adoça as manhãs intensas Waking up

Waking up next to you has always been divine Waking up next to you has always been perfect And if there is a reason, I tell you It is because I open my eyes and you are there

Waking up

Waking up next to you and seeing your smile To feel your body, your presence, your affection Your love is a blessing That sweetens my mornings

Dentro de mim, você é o sol, a lua, o meu caminho Sempre quis amanhecer contigo Para beijar os teus olhos dormidos

Inside of me, You are the sun, the moon, and you are my journey
I have always wanted to wake up near you Just so I could kiss your sleepy eyes

Já somos dois Dois corações batendo lado a lado E agora eu que estou dormindo Só pra poder amanhecer contigo There are two of us Two hearts beating side by side And now I am the one sleeping So I can wake up next to you

Dentro de mim, você é o sol, a lua, o meu caminho Sempre quis amanhecer contigo Para beijar os teus olhos dormidos Inside of me, You are the sun, the moon, and you are my journey
I have always wanted to wake up near you Just so I could kiss your sleepy eyes

Nós somos dois Dois corações batendo lado a lado E agora eu que estou dormindo Só pra poder amanhecer contigo We are two
Two hearts beating side by side
And now I am the one sleeping
So I can wake up next to you

8. Unknown Man

[Instrumental]

Music by Dafnis Prieto

9. The Muse

Music by Dafnis Prieto Lyrics by Luciana Souza & Dafnis Prieto

When she arrives you set aside your thoughts You receive her message A revelation that she wants to share Just like an open letter

Unveiling what is possible to be A scent before arrival When she comes in I draw her close to me Just like a breath I need

You see
Like earth and wind and water
Fire, rain, just like the sun
Like clouds and sky
She holds a truth
That no one can deny

She takes shape without me knowing Takes her time and when she blossoms She then takes her space inside me

And I have to trust her I want to trust her

When she begins to tell me what she sees I embrace her fully Ideas flow through me I want to share Just like an open window

Revealing what is possible to me
The thoughts before the poem
When she comes in I draw her close to me
Just like a breath I need

You see
Like earth and wind and water
Fire, rain, just like the sun
Like clouds and sky
She holds a truth
That no one can deny

She takes shape without me knowing Takes her time and when she blossoms She then takes her space inside me And I have to trust her

And when I close my eyes and look inside My thoughts come rushing towards A memory that tries to take me back To a place so distant

I'm asking what is possible to me Surrounding my reflection When she comes in I draw her close to me Just like a breath I need

You see
Like earth and wind and water
Fire, rain, just like the sun
Like clouds and sky
She holds a truth
That no one can deny

She takes shape without me knowing Takes her time and when she blossoms She then takes her space inside me And I have to trust her

Your voice arouses
The muse awakens
You contemplate your thoughts
